New products you'll love for your bub

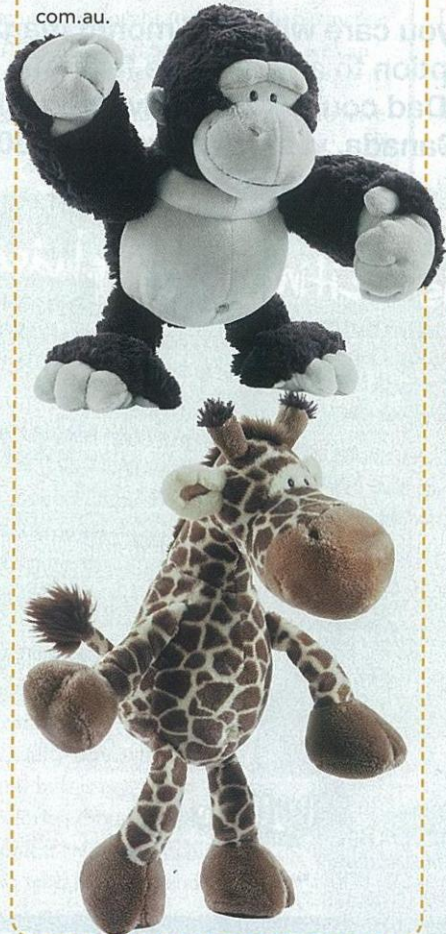

Cute to the extreme

As winter eases off you'll still want to keep those little heads and precious fingers warm – and we've found the cutest way to do it! This Lark hand-knitted Toadstool beret, \$30, and mittens, \$35, make an irresistible yet highly practical gift set for any bub. See www.larkmade.com.au.

Where the wild things are

Every baby needs a favourite soft toy. Instead of a traditional teddy, try a cuddly NICI-Wild Friends character. In three sizes, these adorable animals are priced from \$29.95. See www.jasnor.com.au.

Speed of sound

The Safety 1st High-Def Digital Monitor allows you to unwind from a busy day with the peace of mind that you can hear your baby perfectly up to 488 metres away. For \$139, its modern, minimalist design will complement any nursery.

No more spills

We love the Nuby Natural Touch Flip It cup, \$15.99, for its uniquely designed lid, which enables the straw to be tucked away, eliminating handbag disasters as well as protecting it from nasty germs.

Trend alert!

Dressing your baby in an animal costume is nothing new, but now you can simply wrap them up and slip on their matching beanie and they'll immediately look the part! This is the funkier idea we've seen in a while and these beautiful Sozo sets are all yours from www.babysgotstyle.com.au for \$39.95 each.
