## THE SLEEPING BEAUTY

New mums are often concerned about their baby wriggling under their sheets. Alleviate any unnecessary stress with the Grobag Sock Suit. It features ingenious sock-style feet to create a safe, neat fit for tiny tots as well as older toddlers. Excess fabric initially gathers gently over the softly gripped ankle and then stretches as their legs grow, allowing perfect comfort. The built-in socks with anti-slip soles keep the suit in place and make it ideal for sleeping, crawling and walking while keeping their tootsies warm.
